Profile Summary

Recent BE Computer Science graduate with hands-on project experience in SQL, MySQL, Excel, Power BI, and Python. Skilled in data cleaning, dashboard development, data visualization, and reporting. Seeking an entry-level Data Analyst role to apply analytical skills and support data-driven decision-making.

Technical Skills

SQL, MYSQL
Python- Pandas, NumPy,EDA
POWER BI- DAX, Power Query, Data Modeling
EXCEL- Pivot Tables, VLOOKUP, XLOOKUP
Data Cleaning, Data Validation, KPI Reporting

Projects

IBM Employee Attrition Dashboard — Power BI

- Developed an interactive HR analytics dashboard using Power BI, DAX, and Power Query.
- Analyzed employee attrition trends by department, job role, tenure, and job satisfaction.
- Created KPI cards and interactive visualizations to support data-driven HR decisions.

COVID-19 Global Analysis Dashboard — Power BI

- Built an interactive Power BI dashboard to analyze global COVID-19 trends and key metrics.
- Cleaned and transformed data using Power Query for accurate reporting and visualization.
- Designed KPI cards, maps, and trend charts to provide actionable insights

Hospital Management Database System — MySQL

- Designed a relational database to manage patient, doctor, appointment, billing, and medicine records.
- Created normalized tables with primary and foreign key relationships to ensure data integrity.
- Developed SQL queries for efficient data retrieval, reporting, and database management.

Education

Vidyaa Vikas College of Engineering Technology
Bachelor of Engineering (Computer Science and Engineering)
2022 – 2026 — CGPA :7.4/10

Dr Krishna Vikas Matric Higher Sec School (HSC)
2020-2022 — 59.5%

Dr Krishna Vikas Matric Higher Sec School (SSLC)
2019-2020 — 92.8%

Certifications & Publication

- Data Analytics with Hands-on Experience – Besant Technologies
- FOODNET: AI-Driven Surplus Food Redistribution Using OPTICS Clustering for Sustainable Donation Presented at ICCET 2026.
